PROFESSIONAL SUMMARY

Full-Stack Developer with strong knowledge of designing and developing responsive web applications using HTML, CSS, and JavaScript. Skilled in building dynamic front-end interfaces and developing scalable back-end applications with Node.js and MongoDB. Experienced in creating database management, and integrating cloud-based solutions using AWS. Passionate about delivering efficient, user-friendly, and high-performance web applications while continuously learning and adopting new technologies.

EDUCATION

Bachelor of Computer Applications (BCA) — Jayaraj Anapackiyam College for Women (Autonomous), Periyakulam
2023 – 2026 | CGPA: 7.1

Higher Secondary (HSC) — St. Anne's Hr. Sec. School
Score: 83.4%

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, Web Design

Backend: Node.js, Express.js, MongoDB

DevOps/Tools: AWS, Git, GitHub, VS Code

Certifications: Graphic Designing Certificate

WORK EXPERIENCE

Full Stack Developer Intern — Vinsup Infotech Private Limited, Madurai

[May – Jun 2025]

- Completed hands-on training in Full Stack Web Development using HTML, CSS, JavaScript, Node.js, and MongoDB.
- Developed responsive and user-friendly web pages using HTML5, CSS3, and JavaScript.
- Gained practical experience in back-end development using Node.js and database management with MongoDB.
- Worked on mini web application tasks to strengthen front-end and back-end development skills.
- Utilized Git and GitHub for source code management and version control.
- Assisted in testing, debugging, and improving application functionality.

PROJECTS & RESEARCH

Staff Attendance & Leave Management System

- Designed and developed a web-based application to automate staff attendance and leave management processes.
- Created a responsive user interface using HTML, CSS, and JavaScript for efficient employee and attendance management.
- Developed modules for attendance tracking, leave application submission, and leave approval workflows.
- Implemented the back-end using Node.js and integrated MongoDB for secure data storage and management.
- Performed CRUD operations for managing employee, attendance, and leave records.
- Improved administrative efficiency by replacing manual record-keeping with a centralized digital system.

CERTIFICATIONS & TRAINING

NSS Activities & Participation

- Participated as a **National Service Scheme (NSS) volunteer** and contributed to various community service activities.
- Actively involved in **social awareness programs, campus activities, and volunteering initiatives** organized through NSS.
- Developed skills in **teamwork, leadership, communication, and social responsibility** through NSS participation.

Cloud Computing / AWS Training

- Currently pursuing **AWS Cloud Computing training** with knowledge of cloud concepts, AWS services, and cloud infrastructure.
- Learning and practicing AWS services such as **EC2, IAM, S3, networking, and cloud deployment basics**.
- Gaining hands-on experience with **Linux, server management, and deploying applications on cloud platforms**.
